OTHER OPERATORS IN.

Individual Operators Will Join With Other Operators Before Arbiters.

WILL SETTLE THE WHOLE QUESTION.

Arbitration Commission Will Deal With All Operators In the Anthracite Field and Decide All Grievances.

Washington, Nov. 7.—Colonel C. D. Wright, recorder of the anthracite coal strike commission, has received a telegram saying that it is understood that the large part of the individual operators in the Lackawanna and Wyoming coal regions have agreed to become parties before the commission and accept its decision. There are about 70 of these operators working smaller mines in the anthracite region.

C. D. Wright and General John M. Wilson, members of the anthracite strike coal commission, had a brief interview with the president. They represented that the individual operators in the anthracite region had agreed to abide by the findings of the committee, and had notified Judge Gray, the chairman.

President Roosevelt was particularly pleased at this information, as it tended materially to simplify the problem which the commission has to solve. The commissioners explained in some detail their work up to this time. The president expressed his gratification that the work had been satisfactory to those engaged in it.

Cabinet Meeting Held.

Washington, Nov. 7.—The cabinet held a meeting for the first time in several months. The meeting was held in the executive offices. In view of the fact that the president is going away Monday night, to be gone for two weeks, each of the cabinet officers was called upon to lay before him any matters of business that would likely arise during his absence requiring his action. Secretary Hay brought forward the Colombian canal negotiations, which were briefly discussed, and he also referred to the progress making toward the negotiation of a reciprocity treaty with Cuba. It is stated, however, that in neither case did the cabinet indicate any desire to change the policy which the state department has been pursuing.

Decide Against Miners.

Paris, Nov. 7.—The government arbitrators announce their decision against increasing the wages of the striking miners in the department du Nord. The grounds of the decision are that the rates are proportionate to the selling price of coal. The large companies in the Nord have agreed to establish pensions for a term of five years. At Lens there was a clash between strikers and cavalry, the former throwing bricks at the soldiers. Gendarmes who intervened were also assaulted with bricks. One soldier was injured and three arrests were made. Throughout the Pas de Calais coal district the strikers are making noisy demonstrations.

Fear Mob Violence.

Birmingham, Ala., Nov. 7.—A special from Anniston, Ala., says: Orders have been issued calling out the Second battalion of the Third infantry, Alabama national guard, to protect Jason Bacon, a negro who was brought here and placed in jail on the charge of assaulting Mrs. John Williams, near here. A mob of 400 people is gathered at the Williams home. Mrs. Williams is in a semi-conscious condition and failed to identify the negro. A mob of 300 men gathered at the jail. A speech was made by the sheriff and the crowd finally dispersed.

War Veterans Meet.

Philadelphia, Nov. 7.—The Medal of Honor legion, composed of civil war veterans decorated by the United States government for conspicuous bravery in action, met in annual convention in Independence hall. Two hundred members were in attendance. Major Moses Veale, commander of the legion, presided. The members of the distinguished organization were welcomed by Mayor Ashbridge, who paid a glowing tribute to the men who fought to preserve the Union.

Volcanic Gas Asphyxiation.

New York, Nov. 7.—A private dispatch received here announced the death, at the City of Mexico, of General Manuel Lizando Barillas, former president of Guatemala, and a colonel in the Guatemalan army, as the result of asphyxiation by volcanic gas in the vicinity of the Santa Maria volcano, where General Barillas owned a large coffee plantation.

Robbers secure \$3,800 in a bank robbery at Herington, Kan. They escaped. Geo. Waller, 35, farmer, fell from his wagon in Loudonville, O. Run over and skull crushed.

RETAIN THE TRANSPORTS.

Quartermaster General Makes Recommendations For His Department.

Washington, Nov. 7.—The annual report of General M. I. Luddington, quartermaster general, reviews the work done by his department during the year. The most interesting feature is what he has to say regarding the transports, in view of the desire in some quarters to dispose of them. He says that the ships are fitted up in the best possible shape for the transportation of troops, and that representations of foreign nations have asked for plans of the fittings, with a view of improving their transports.

The report continues: "Nearly every ship sailing from Manila had on board about 100 sick, who were provided with every attention and comfort in the transport hospitals that that would be found in any well regulated hospital ashore. Of the many thousands of persons who have been transported on the vessels of the army transport service since its inception, not one life has been sacrificed by reason of any fault in the fittings or accommodations upon army transports."

"In view of the excellent record and of the experience of the department in its futile efforts to secure suitable commercial ships for the transportation of the armies during the war with Spain, and the further fact that when withdrawn from active service, and transports can not be advantageously disposed of by sale, I am firmly convinced that even though circumstances should permit the withdrawal of the transports from regular line service to the Philippine islands, it would be wise policy to retain a sufficient number of transports as a part of the equipment of the army, to be economically cared for and kept in such condition as to be promptly available for any emergency which may arise requiring the transportation of troops on the ocean."

Guessing Contest Legal.

Cincinnati, Nov. 7.—In the newspaper guessing contests the superior court handed down a decision dismissing the petition of Samuel Stevens, praying for a receiver. The demurrer is sustained. The court holds that such contests are not within the condemnation of the statutes of Ohio against lotteries, gambling, wagering or betting. The court holds in regard to the money paid in that, if the contract were illegal, anyone who seeks to rescind it after election comes too late to be heard, for the reason that the contract has been executed wholly or in part. The superior court has no jurisdiction in an action at law to recover 50 cents. The attorney for the plaintiff stated that he would decide soon whether he would take the case higher.

Fireman's Body Found.

Indianapolis, Nov. 7.—The mystery in the disappearance of A. E. Pfeiffer, fireman on a fast freight, who was lost from his engine near Martinsville, Ind., was cleared when his body was taken from beneath a bridge crossing White river, five miles this side of Martinsville. Trainmen searched all day and until the body was found by William Kruger, a passenger conductor. Pfeiffer was a prominent rough rider in Roosevelt's regiment. It is believed he was jolted off his engine.

Woman Editor Jailed.

Dublin, Nov. 7.—Mrs. Annie O'Mahoney, the first woman imprisoned under the crimes act during the present campaign, was arrested at Waterford and sent to jail, where she will undergo a two months' sentence. Mrs. O'Mahoney, who is the proprietor of the Waterford Star, refused to furnish bail to guarantee that she would cease the publication of boycotting notices. H. P. Tynan, editor of the same paper, was also arrested and sent to jail for a similar term.

Strike of Rubber Workers.

Chicago, Nov. 7.—Seven hundred rubber workers employed by the Morgan & Wright company went on strike in what is regarded as a fight to the finish between union labor and what is known as the rubber trust. The recognition of the union is the objective point in the walkout. The rubber workers claim that the trust is endeavoring to break up the union, and are prepared to resist any effort in that direction. Other unions may assist.

Cubans See the Pope.

Rome, Nov. 7.—The pope received Archbishop Chappelle in private audience and conversed with him animatedly for half an hour, showing evidence of keen interest in the affairs of the diocese of New Orleans and in matters connected with Cuba and Porto Rico. Subsequently Archbishop Chappelle presented to the pontiff 15 young Cubans, who are studying here for the priesthood.

Herington, Kan., Nov. 7.—Robber blew open the safe of the Tampa State bank here and took about \$3,500 in currency, escaping on a handcar.

REMAINS A MYSTERY.

Pawnbroker Fails to Connect Mason With the Pledged Watches.

TWO NEGROES MIXED IN THE CASE.

Police Endeavoring to Unravel a Bundle of Conflicting Clues in Boston Murder Cases.

Boston, Nov. 7.—Prompted by the finding in a pawnshop here of the watches of Agnes McPhee and Clara A. Morton, the two women who have been murdered in assault cases in this vicinity, the police are pressing with all their energy to place, if possible, the responsibility for the crimes. It has been learned that a negro employed by the Mason family has gone away from the city and the police can not ascertain where he is. It was a negro who pawned the Morton watch. The pawnbroker, Joseph Nemser, in whose store both the McPhee and Morton watches were found, was at police headquarters and repeated his stories about the watches, after which he started for the East Cambridge jail to see Mason, for the purpose of identifying him.

Captain Dugan of the bureau of criminal investigation said that he had insisted that it was a mulatto that offered Miss Morton's watch for sale Saturday night, and that it was the same individual who brought the watch to the store on Monday and sold it for \$4. He further stated that another negro, older, however, and darker than the mulatto, joined the latter just as he was receiving the money. An apparent coincidence was noted in connection with the pawning of both the McPhee and Morton watches in that the address given in the McPhee case was 23 Grove street, and in the Morton case the same number, in Greenwich street, was given.

In probing the case at Waverly the state police have found evidence that Mason had made at least two attempts to have women meet him at night at "The Oaks," a section of the Metropolitan park reservation not far from the McLean asylum, where Mason was patient, and on the grounds of which Miss Morton was killed.

Nemser failed to identify Mason. At the jail Mason was placed among six other men and Nemser carefully scrutinized each one. He picked out one man as the person who pawned the watch, but it was not Mason. The negro who has charge of the house where the Masons live is about his work as usual, although the police claimed that he had gone away. He said that he had been at his post on Thursday, and could have been found there by the police if they had looked for him.

DAY DARK AS NIGHT.

Ashes From Volcano Blot Out Rays From the Sun.

San Diego, Cal., Nov. 7.—The steamer Luxor had an experience with volcanic ashes while at San Benito, in the southern part of Mexico. The steamer had been there discharging and was waiting for papers to come from the Mexican officials some distance inland before sailing. About 10 o'clock in the morning a black cloud appeared in the heavens, growing larger and larger, until the whole sky was overspread and at 2 o'clock in the afternoon it became dark as night and fine ashes commenced falling.

The passengers became badly frightened, the anchor was weighed, and the steamer started at full speed for Salina Cruz, 190 miles distant. The darkness was intense, and the shower of ashes reached a distance of 300 miles.

Republicans Make Concessions.

New York, Nov. 7.—Chairman Dunn of the Republican state committee said that although the Republicans had conceded the election of Judge Gray to the court of appeals, they would wait for the official count before giving up the attorney generalship. Elliot Danforth of the Democratic state committee said that Cunnene, the Democratic nominee for attorney general, would have a plurality of 12,000 to 20,000. Mr. Danforth based his estimate on telegrams received from chairmen of Democratic county committees, who reported that Mr. Cunnene had received virtually the full prohibition vote in addition to the Democratic vote.

For West Indies' Services.

Copenhagen, Nov. 7.—The business committee of the Danish West Indian company announced that the company had at its disposal a capital of about \$1,000,000, partly in shares and partly in bonds. The company will purchase three 5,000-ton steamers for the principal routes of its West Indian service and several smaller steamers for local service.

SOLDIER ARRESTED.

Officials Contend Shooting Was Done in Discharge of Duty.

Pittsburg, Nov. 7.—Private Arthur Wadsworth of the Eighteenth regiment, Pennsylvania national guards, who shot and killed William Durham while the regiment was on strike duty in the anthracite coal fields at Shenandoah, was placed under arrest by a constable of Schuylkill county, who has held the warrant for him since the finding of the coroner's jury on the death of Durham. This action was the result of a conference between F. W. Fleit, deputy attorney general of Pennsylvania; M. P. McLaughlin, district attorney of Schuylkill county; Attorney J. C. Whalen and Constable Shortall and Wadsworth.

Immediately upon the opening of the state supreme court, Deputy Attorney General Fleit presented a petition for a writ of habeas corpus stating that Wadsworth was illegally restrained, the shooting having been done while Wadsworth was acting in the discharge of his duty. This is the first time in the history of Pennsylvania that the supreme court has ever been asked to decide such a point.

Complete Ohio Returns.

Columbus, O., Nov. 7.—Complete returns from the 88 counties of the state, Belmont being the last to report, and as tabulated at Republican state headquarters, give Laylin, Rep., for secretary of state, a total vote of 436,669, and Bigelow, Dem., 345,481, a Republican plurality of 91,188. The difference in the Republican and Democratic pluralities confirm the correctness of the above figures. Sixty-one of the 88 counties give Republican pluralities aggregating 113,809, while the remaining 27 counties give Democratic pluralities aggregating 22,621, also showing a difference of 91,188 in favor of the Republican state ticket. The total vote polled by the two leading parties, adding the vote received by Laylin to that received by Bigelow, is 782,150, but to be added to this is the vote cast for the Prohibition, Socialist Labor and other minor parties, which will bring the grand total up to about \$80,000.

Situation of Castro.

Paris, Nov. 7.—The foreign office has received an official dispatch from Caracas, saying that President Castro was unable to send a minister to Paris, owing to the present disturbed condition of Venezuela. Diplomatic relations between the two countries have been suspended for the past eight years, France being temporarily represented by a charge d'affaires at Caracas. Owing to the present revolution France desired to establish a minister near the scene and recently addressed President Castro suggesting that the French minister would assume his post when the Venezuelan minister to France was appointed.

Arrested and Confessed.

Dayton, O., Nov. 7.—Postoffice Inspector Kyle has arrested Clinton J. Robbins, a clerk at the local office for the theft of letters containing money. Through a hole in the ceiling the inspector, who has been here for two weeks, saw Robbins rifle a number of letters, and Robbins has admitted his guilt. The Hayner Distilling company, which was the only concern reporting losses, says the company has been robbed of between \$2,500 and \$3,000. Robbins is a young married man and well connected in this city.

Mining King Is Sentenced.

Des Moines, Nov. 7.—Judge Munger of the United States district court refused to grant Letson Belllett, known as the "Mining King," a new trial, and sentenced him to pay a fine of \$1,000 and to spend one year in the county jail. Belllett was convicted this spring of using the United States mails for fraudulent purposes.

Stole a Locomotive.

Albert Lea, Minn., Nov. 7.—A man supposed to be a tramp stole a locomotive from the Rock Island yard and went north at a flying rate. The engine was on the spur ready for the northbound passenger. A pursuing party went after the fugitive and five miles out found the engine. The man had disappeared.

Killed by Explosion.

St. Louis, Nov. 7.—Two men blasting in a cut at Jeffriesburg, Mo., 64 miles from here, were killed by a premature explosion. A number of laborers were injured. A special train bearing physicians and nurses was sent to the scene of the accident.

Charged With Murder.

Washington, Nov. 7.—The coroner's jury has held Richard Cole, the colored porter, for the murder of Mrs. Ada Giddert Dennis, the dressmaker who was assaulted on the night of Dec. 10 last, and who died recently.

Crown Prince at Stockyards.

Chicago, Nov. 7.—The crown prince of Siam and party were taken in a special car to the stockyards. The magnitude of the yards and the dispatch with which animals were slaughtered and dressed excited the prince's admiration.

EVIDENCE COMPLETED

Prosecution Rests Its Case in the Famous Molineux Trial.

ARGUMENTS WILL SOON COMMENCE.

Alibi Is Believed Proven by Professor Vaulte's Testimony — Fate of Molineux Soon to Be Known.

New York, Nov. 7.—Professor Herman G. Vaulte of Columbia university testified that Molineux was in his company from noon until after sundown on the afternoon of that day that the poison package was mailed. Henry C. Lockwood, a postoffice clerk, testified that he could not say exactly at what time the package was placed in the mail. He corroborated Mrs. Stephenson's statement that it was mailed on the Broadway side of the postoffice.

Harry E. Howell, a clerk in Hartdegan's store, testified that the boy Erhardt, who said he wrapped up the silver bottle holder, had never wrapped up any packages in the store. William M. K. Olcott of counsel for the defense testified that on Oct. 30 last he bought cyanide of mercury at a drug store in this city. John Sanders, a clerk in the law office of counsel for the defense, and two other employees gave testimony similar to that of Mr. Olcott. None of them had much trouble in getting the poison.

H. E. Terry, a reporter, gave testimony to contradict that of Joseph Koeh, who identified Molineux as the man who hired the letter box from him in September, 1898. Witness was asked if Koeh went to a newspaper office and offered to identify Molineux as the man who hired the letter box. If witness would pay him \$1,000. Witness said he did. Ex-Governor Black submitted a table compiled by one of his clerks to show that although the written exhibits are made up of several thousand individual letters, the prosecution has based its contention that Molineux wrote them all upon the similarity found in some 17 letters. That closed the case for the defense and Mr. Osborne called Joseph Farrell, the hitherto missing Newark detective, as his first witness rebuttal. After the close of the prosecution's case, the Molineux trial was adjourned until Monday, when the arguments of counsel will be made.

Ambassador White's Birthday.

Berlin, Nov. 7.—Ambassador White opened the letter which President Roosevelt sent him several weeks ago, marked: "To be opened on your seventieth birthday." Mr. Roosevelt said Mr. White has served his country as few citizens had had the opportunity to do, and thanked him personally and in the name of the people for his services. Mr. White received many telegrams during the day from the United States and Europe. The members of the diplomatic corps, a number of university professors and members of the Reichstag and many government officials called at the embassy. The American residents of Berlin presented Mr. White, through Consul General Mason, Dr. Dieckle and Bernard Goldsmith, with a congratulatory address, beautifully bound, to which the names of 600 Americans living in German cities was attached.

Gives Patents to Public.

New York, Nov. 7.—Colonel John Jacob Astor of this city has made the following announcement: "All my patents on marine turbines having been granted, I hereby dedicate them to the public, in the hope that the development of the ideal turbine may be hastened thereby." Colonel Astor's patent contemplates twin screws set tandem instead of side by side, and revolving in opposite direction. No engines have yet been built to utilize the invention, which ordinarily would have been protected for 17 years.

Fiftieth Church Anniversary.

Cleveland, Nov. 7.—A six days' celebration of the fiftieth anniversary of the consecration of St. John's Roman Catholic cathedral has begun in that church. Pontifical mass of thanksgiving was celebrated by Bishop I. F. Horstmann, and a sermon preached by Bishop Ryan of Philadelphia. A dozen prominent prelates from the province here are present and the visiting priests number 200. On Sunday a statue of the first bishop of the diocese, Anadeus Rappe, will be unveiled in front of the cathedral.

Dover, Tenn., Nov. 7.—The Stewart County bank was robbed of \$2,100. The robbery is supposed to have been committed by four suspicious men, who have been around the town for some time. The vaults were blown open with dynamite and all the cash taken. Officers and bloodhounds are on the trail of the robbers.

OYSTER BAY, Roosevelt's own voting place, which was carried by Republicans two years ago by 512 majority, went Democratic this week by 131 majority.

The election is over, and the anthracite coal operators will now put the screws to the consumers. They have already advanced prices in New York, and the public can pay or use some other fuel. The soft coal combine will of course follow suit out of "sympathy."

CHAIRMAN GRIGGS, of the Democratic Congressional Committee, recommends that the headquarters be kept open in Washington preparatory to the campaign of 1904. This thing of keeping everlastingly at it is a good idea. Let the campaign of education continue. Expose the evil workings of the grasping and extortionate Republican-fostered trusts. Give 'em no rest until they cease their extortion and robbery.

DURING the recent campaign in this Appellate district, a Republican paper stated that every physician in Campbell County would vote against Judge Paynter. We doubted the truth of that statement, but there is strong foundation for the statement that the State Board of Health need its influence against the Judge, and all because he refused to heed the personal appeals of some of its representatives and decide a case according to their wishes. Things have come to a pretty pass in Kentucky if the State Board of Health is to dictate the decisions of the courts where the Board's interests are at stake.

THERE is no longer any doubt that the Republicans retain full control of all branches of the National administration for the ensuing two years. That's a responsibility they cannot shirk. Perhaps after all it will prove a fortunate thing for the Democrats that they did not elect a majority of the members of the House this week. The New York Times takes this view of the result: "Meanwhile it is clear that the Democratic party comes out of the campaign in a much better shape than it has been in for a decade. * * * Its prospects for usefulness to the country and of success for its principles is decidedly encouraging."

The Most Despicable Feature of the Campaign.

[Cynthiana Times.]
 One of the dirtiest and most despicable features of the congressional campaign was the attempt of the Republicans to inject the Brooksville incident into the contest and make it a political matter in the effort to take a few votes away from Hon. J. N. Kehoe. It was about the most contemptible, low down, mean trick ever attempted to be worked in Kentucky.

Henry M. Bosworth, of Lexington, will in a few days announce his candidacy for State Treasurer.

Dillon, the Prohibition nominee for Congress polled the same number of votes in Lewis County that he received in Mason—47.

Congressman Kehoe received a letter from Hon. W. H. Castner in which the writer extends his congratulations as gracefully as possible under the circumstances.

State Auditor's Agent Watson this morning filed an agreed settlement with J. D. Mayhugh for taxes on \$3,000 personally omitted from assessment for years 1897-'98. State tax \$31.50, county tax \$36, penalty \$13.50, clerk's fee \$3.

POYNTZ Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

The report of President Smith, of the L. and N., shows that during the fiscal year ending June 30, 1902, the gross earnings of the road amounted to \$30,712,257, while the net earnings were \$9,809,715. The operating expenses for the year were \$20,902,473. During the year the passenger earnings amounted to \$6,217,803, and the freight earnings were \$22,772,175. The operating expenses of the passenger service were \$5,141,784, and the freight service \$15,760,652.

KENTUCKY O. K.

The State Fully and Finally Redeemed.

Comments of the Press on This Week's Election—It Was a Glorious Fourth.

[Fleming Gazette, Rep.]
 Looks like a Democratic landslide.

[Owensboro Messenger.]
 The Kentucky roosters are crowing.

[Frankfort Call.]
 Kentucky is solid in the Democratic ranks.

[Murray Ledger.]
 Let's all sing "My Old Kentucky Home" once more.

[Murray Times.]
 November 4 was also a glorious fourth—for Democrats.

[Carlisle Mercury.]
 The most quiet election ever held in Kentucky was on Tuesday last, and the result was a very satisfactory one, indeed.

[Bowling Green Times-Journal.]
 Nowhere is there a syllable of complaint of unfairness and no suggestion of a contest. A good day's work for Kentucky Democrats.

[Mt. Sterling Advocate.]
 The people have spoken, and Kentucky Republicans may "go 'way back and sit down." Combine, schemes and money were without avail.

[Lexington Democrat.]
 Kentucky has been fully and finally redeemed, praise the Lord. We expected that the Democrats would elect ten of the eleven Congressmen, but we confess that we had grave doubts as to the election by them of Appellate Judges in the Second and Fifth districts.

[Hartford Herald.]
 Now that the election is over and the public is released from the toils of

the political devil-fish, it would be well for the people of Kentucky to begin to think about our exhibit at the World's Fair. No more important matter now confronts Kentuckians. Our display at the big St. Louis show should be in every way commensurate with Kentucky's splendid progress and development. Let's begin to talk about Kentucky and the World's Fair, and keep it up until the project is an assured success.

[Marion Press.]

It is not many Democrats that can carry Crittenden. Ollie James received all but eight votes in the primary, and has a neat majority in the election. There could be no greater evidence of his popularity at home, and when a man has his home people standing so solidly for him his friends abroad can always bank on him.

[Owensboro Inquirer.]

Birkhead's race for Circuit Judge in Democratic primary was phenomenal. He carried every county in the district and almost every precinct. He carried every precinct in Daviess County outside the city and all but three in the city. His majority over Judge W. T. Owens in the district will be right at 3,000. His majority in Daviess County is 1,736; in Hancock County 170; in McLean 68, and in Ohio County a little more than 900. The reported majority in Ohio is 980, with all the precincts heard from.

[Paducah News-Democrat.]

All over Kentucky, "from the mouth of Sandy to Mill's Point," Democrats are once more united and once more completely victorious. Kentucky has been redeemed from every taint and trace of Republicanism, except in the mountains, and there nothing can help. Louisville is reliably Democratic. The Third district has been redeemed; the Ninth put forever out of the doubtful column, and everywhere Democratic majorities increased signalize the end of party strife and the return of good old Democratic times and methods.

Mrs. Laura S. Webb,

Vice-President of Women's Democratic Clubs of Northern Ohio.

THERE ARE MANY sickly women between the ages of 45 and 55, but there are very few invalids over 55 and 60 years of age. The change of life coming to a woman near her forty-fourth year, either makes her an invalid or gives her a new lease on life. Those who meet this change in ill health seldom live ten years afterward, while a woman who lays aside the active duties of womanhood in health seldom falls to live on in happiness, years after she has passed 60. This is truly a critical time.

Mrs. Laura S. Webb.

Mrs. Laura S. Webb, of Toledo, Ohio, recognizes the change of life as a dangerous period and she also has faith in Wine of Cardui. She writes:

"As I had always been troubled more or less at the menstrual period, I dreaded

the change of life which was fast approaching. While visiting with a friend I noticed that she was taking your Wine of Cardui, and she was so enthusiastic about it that I decided to try a bottle. I experienced some relief the first month, so I kept on taking it for three months and now I menstruate with no pain and I shall take it off and on now until I have passed the climax. I do not dread it now, as I am sure that your Wine of Cardui will be of great benefit at this time."

Wine of Cardui is the remedy to re-inforce a woman against the shock that comes with the change of life. It re-establishes healthy functions after years of suffering. In doing this it has saved thousands of sufferers just in time. Do not wait until suffering is upon you. Thorough preparations should be made in advance. Begin the Wine of Cardui treatment today.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

MRS. MARY E. WOOD.

Sudden Death Friday at Noon of One of the County's Estimable Women—Funeral Sunday Afternoon.

Mrs. Mary E. Wood, wife of Mr. George Wood, died suddenly Friday at 12:30 p. m. at the home of her daughter, Mrs. C. W. Forman, near Washington. She was taken sick last Tuesday, but was not thought to be seriously ill. Friday forenoon she was feeling better, and the family did not anticipate any serious change. Shortly after 12 o'clock, however, she sank into what was thought to be only a gentle sleep, but it was the sleep of death.

Mary (Anderson) Wood was a daughter of John and Susan (Lee) Anderson, and a granddaughter of General Henry Lee. She was a native of this county, and was seventy-three years old last February. Her husband survives her, and she leaves nine children—Henry L., of Ames, Cal., Thomas M., of Cincinnati, C. Shultz, of Covington, Andrew, of Washington, C. A., of Augusta, Geo. W., of Maysville, Mrs. R. B. Owens, of Maysville, and Mrs. C. W. Forman and Miss Nannie Wood, of the county.

The funeral will take place Sunday at 1:30 p. m. at Mrs. Forman's residence, Rev. W. T. Spears officiating. Burial in the Maysville Cemetery.

At First Methodist Church, South, the pastor, Rev. Charles F. Evans, D. D., will preach at 10:30 a. m. to-morrow on "Christ's Visit to Zacchaeus," and at 7 p. m. on "The Straight Gate." The Epworth League service begins at 6 p. m. The seats are all free and a cordial invitation is extended to everyone.

Miss Ida Candy, daughter of Mr. John Candy, of Fleming County, died of scarlet fever, aged twelve, and was buried in Mayslick Cemetery.

Rev. Dr. G. W. Young, of Georgetown, will deliver a free lecture at the Mayslick Christian Church next Monday evening at 7 o'clock. The public invited.

Mr. William Barker, of the Fifth ward, has a vegetable curiosity resembling somewhat a summer squash, with several pairs of sharp claw-like protuberances. It has the color and appearance of ivory.

Rev. R. H. Dodson, assisted by Rev. W. S. Gamboe, of Ashland, closed a meeting at Oakland Christian Church, Pendleton County, with twenty-seven additions. Rev. Dodson has had charge of this church a little over two years, during which time there have been 110 additions. Oakland now has a membership of more than 400.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

The troubles of the Manly M. E. Church of Portsmouth have at last been satisfactorily adjusted. Through the offices of Bishop Fitzgerald, of the Ohio Conference, and Bishop Walden of the Kentucky Conference, Rev. O. A. Fellows will exchange pulpits with Rev. W. Correll, of Somerset, Ky. Rev. Fellows was recently tried on charges of indiscreet and unbecoming conduct and acquitted.

PROUD OF HIM.

Five Hundred Enthusiastic Citizens Serenaded Congressman Kehoe Last Evening and Congratulated Him on His Re-election.

Congressman Kehoe was given a surprise last night by his neighbors and fellow-citizens.

A procession of about 500 citizens, composed of professional men, mechanics, merchants, laborers, and in fact representatives of the various avocations of life, as well as the different political parties, marched west on Second street, headed by the Indian Band, to his palatial residence to honor him with a serenade and in this way to demonstrate their hearty approval of his re-election by such an overwhelming majority last Tuesday. Arriving at the residence three hearty cheers were given for him, after which the band rendered a number of popular airs.

Mr. T. D. Slattery, on behalf of those present, made a few appropriate remarks, congratulating him on his decisive victory and voicing the almost universal rejoicing in our city that he had thus been so deservedly honored.

Mr. Kehoe expressed his great pleasure over the honor again bestowed upon him by the friends of his youth, the people whom he had known from his childhood. He thanked the citizens of Maysville, Mason County and the Ninth district for their renewed expressions of confidence and promised to be ever watchful of their interests and to cherish for all only the kindest feelings.

Mr. Kehoe was visibly affected by the grand demonstration and at times it was difficult for him to conceal his emotion. At the conclusion he invited those present into his home that he might have the pleasure of shaking hands with each of them as he filed through the hall. Some time was spent in these kindly greetings. Mr. Kehoe was assisted by his charming wife in welcoming the visitors.

It needs no demonstration to bring to the surface the admiration the people of Maysville have for Jim Kehoe, (as he is familiarly known). You can see it every day on our streets. He is an unassuming gentleman, loved and admired because he is honest, broadminded, sincere and true in every relation of life.

The Mayslick Christian Church will begin a protracted meeting to-morrow, with preaching by the minister, W. E. Ellis, of Nashville, is expected to arrive on Wednesday, and will preach the first of his series of sermons that evening at 7 o'clock. All in the vicinity are urged to hear Mr. Ellis, as he is a preacher of unusual ability, and a man of deep consecration.

Official Result in Lewis.

The official vote of Lewis County is as follows: Dearing for Court of Appeals, 2,092; Paynter for Court of Appeals, 1,399; Dearing's majority, 693. Castner for Congress, 2,083; Kehoe, Congress, 1,390; Castner's majority, 693. The Prohibition candidate received forty-seven votes in the county. The total of the county is 3,539. The Democrats gained 295 votes over the vote of 1900.

TABACCO GROWERS.

More Than One Hundred Delegates in At-
tendance at Lexington Meeting.
Plan to Fight the Trust.

The Kentucky Tobacco Growers' As-
sociation held its fourth convention at
Lexington Thursday. About 120 dele-
gates were present, representing twenty-
four counties. Mr. James M. Gaunt pre-
sided at both the afternoon and night
sessions. The meeting was of a business
nature, the further organization of the
association in the burley growing coun-
ties being its object.

When formally incorporated the or-
ganization must have forty thousand
members, all growers of white burley,
and it will be capitalized at one million
dollars.

The members, whether or not stock-
holders, pledge themselves to sell only
to the association, which agrees to pay
prices considerably in excess of those
paid by the so-called trust. By the con-
tract, which forms a basis for the organi-
zation, the producers will have a major-
ity on the Executive Board and will be
able to fix the prices which shall be paid
for the tobacco.

It is expected that the forty thousand
signers required will soon be secured
and the organization perfected.

In the Marshall will case Thursday the
contestants brought out on cross-examin-
ation that Marshall had made several
presents to his housekeeper, Blanche
Young, one in particular being an an-
nuity of \$350. All the testimony Thurs-
day went to controvert the testimony of
contestants as to Marshall's mind at the
time of making the will. Dr. Thomas

Bradford, who was the attending physi-
cian in his last illness, testified that in
his opinion Marshall was of sound mind
in every respect at the time of his death;
that some time before Marshall died he
had told him he intended to leave the
city \$15,000 for a waterworks plant. J.
W. Pilleberry of Cincinnati testified that
he knew Marshall about the time of his
death, and he considered him of sound
mind.

famous drama next Monday night. The

it now stands Mr. Burt promises one of
the best of the season. Seats now on

completed by spring. This company has
no wildcat land and is no longer en-
gaged prospecting. It has the oil and
is going to market it. The money for
which this stock is sold will be spent
putting down more wells and putting in
pumps, &c. Call on M. F. Marsh.

350 acres of tomatoes next season.

NEW POSTAGE STAMPS

Will Bear the National Flag in Place of the
Old Profiles.

[Washington Cor. New York Evening Post.]
For the first time since 1869 the Post-
office Department, with the issuance of
the new series of stamps now in prepara-
tion, will make use of the American flag
in one of its designs. This will be a part
of the two-cent stamp, which, by the way,
will bear little resemblance to the one
now in use. The portrait of Washington,
which has long appeared on the popular
stamp, will be succeeded by a photograph
taken from Gilbert Stuart's famous paint-
ing. The familiar bust of Washington,
so long known to the stamp-using public,
was drawn from Houdon's profile cast.
Let the public, then, soon take its last
view of the likeness of Washington, which
is doubtless more than any other im-
pressed upon the popular mind.

Sunday Services at the Cemetery in Wash-
ington.

All Soul's Day services will take place
Sunday afternoon at 2 o'clock in the
cemetery at Washington. These exer-
cises should have taken place last Sun-
day, but were necessarily postponed. Six
priests will take part in the religious ex-
ercises, Rev. Father James Gorey, Chan-
cellor of the diocese, delivering the ser-
mon.

The November term of the Mason Cir-
cuit Court will begin Nov. 17th. The
time for filing suits ended Friday, the
docket showing twenty-six common law
cases and seventy-three equity. There
are twenty new divorce suits, the largest
number ever filed at one term of this
court.

Office.

Nelson, of New York, will arrive to-mor-
row morning to attend the funeral of their
sister, Mrs. Mary E. Wood, of Washing-
ton.

Elmer Owens and Belle Price, colored,
were married this morning.

Mrs. J. D. Riley received a telegram
Friday announcing the death of her
brother, Mr. James McIlvain, of Colorado,
Texas. He had been in failing health
for some time.

A question asked by the editor in yesterday's
issue of his valuable paper can be answered
without sending the problem to the algebra
class at the High School. If the editor of the
Ledger would have had as many persons work-
ing for him when he made the race for postmas-
ter, and had as much bottle used as was used on
last Tuesday for the Red ticket, &c., the result
might have been different. So keep sober Tom
and attend to the schools and set the other mem-
bers of the Board a good example. And don't
kick a fellow after he is beaten. Your friend,
I. L.

Maysville's New Band.

[Aberdeen Greta Green.]

Maysville's Indian Band, though young,
is growing, and with the encouragement
it should have at home, it will soon be
the best musical organization in this part
of the country. There is nothing that
adds to the reputation of a town, es-
pecially away from home, as a good band.
Maysville has long enjoyed the reputa-
tion of having one of the best bands in
the country, and the business men of the
town should see that it is continued. In
the new band they have the timber, and
all that is needed is encouragement and
patronage at home, and old Maysville
will soon again have a band second to
none.
